It is mandatory that all Contractors who intend to submit a Bid, fully complete the Prequalification Application, provide all materials requested herein, and be approved by the District to be on the final Prequalified Bidders list. No Bid will be accepted from a Contractor that has failed to comply with these requirements. The District will notify the Applicant if, in the District’s finding, the Applicant meets the District’s Prequalification requirements and may Bid Projects valued at greater than the amount of the Prequalification Application.

1. Prequalification Application

The District requires Contractors to answer to all questions contained in this Application including a complete statement of the prospective Bidder’s financial ability and experience in performing public works, and California Division of the State Architect (DSA) projects. These documents will be the basis of rating Contractors to determine whether a Bidder is Prequalified to Bid on this Project.

All Prequalified firms must submit a Validation Form (Section 9) **with the Bid package on the date and time Bids are due (not with this application package)** certifying that the information contained in the Application has not changed. If the information has changed or the firm’s ownership or financial status has changed, the firm must attach a separate sheet attached to the Validation Form with a full explanation. Any new annual financial statements or tax returns published since submittal of the Prequalification Application must also be attached. A copy of the Validation Form is attached hereto in Section 9.

2. Questions Regarding the Prequalification Application.

All questions regarding the Prequalification Application or prequalification process must be submitted **in writing** via email to: Julia-Morrison@Redwoods.edu, by **5:00 PM January 17, 2024**.

4. Notarized Statement of Bonding Capacity

The Prequalification Applicant must attach a notarized statement from an admitted surety insurer authorized to issue bonds in the State of California which states the Contractor’s current available bonding capacity. The surety must be an admitted surety in the State of California and have an A.M. Best rating of VII A- or better.

5. Notarized Statement of Insurability.

The Prequalification Applicant must attach a notarized statement from a qualified insurer which states the current insurability of Contractor. The Contractor must provide \$5,000,000 per occurrence/\$10,000,000 aggregate in Comprehensive General Liability Insurance. Policies of insurance required of the Contractor will be accepted by the District only if the insurer(s) are all of the following: (a) A.M. Best rated A- or better; (ii) A.M. Best Financial Size Category VII or higher; and (iii) authorized under California law to transact business in the State of California and authorized to issue insurance policies in the State of California. All three requirements must be met in order for your submittals to be deemed responsive to the prequalification process.

6. Prequalification Requirements/Scoring.

To prequalify, each Contractor must meet or exceed the following minimum requirements:

- i) Ability to secure Project performance and payment bonds in the penal sum of **Sixty-Five Million Dollars (\$65,000,000)**;
- ii) Provide truthful and acceptable answers to the questions in Section 5, **ESSENTIAL REQUIREMENTS FOR QUALIFICATION**;
- iii) Achieve a minimum total score of **70 points out of 100** on the scored questions in Section 6, **RATING QUESTIONS**; and
- iv) Meet all other requirements identified in this Prequalification Application.

*Please note that **NOT all questions in the questionnaire are rated**; some questions simply ask for information about the contractor firm’s structure, officers and history. The scoring for all scored questions is set forth immediately below the question.*

7. Submittal Requirements and Non-Responsiveness.

Each Prequalification Application submission will consist of the following:

- The completed Prequalification Application Form, Sections 3-8
- A Reviewed or Audited Financial Statement, with a Certificate or Cover Letter from the Accounting Firm that Created the Statement;
- Notarized Statement of Bonding Capacity;
- Notarized Statement of Insurability
- All required attachments for information requested in Sections 5 and 6

Prequalification Application submissions not containing the above-referenced requisite documents, complete with all information required and bearing the signature of the Contractor's duly authorized representative under penalty of perjury may render the Prequalification Application non-responsive and may therefore be rejected. All Contractor information or responses in the Prequalification Application, and other documents accompanying the Prequalification Application, shall be complete, accurate and true. If the District determines that any information provided by a Contractor in the Prequalification Application submission is false or misleading or is incomplete to be false or misleading, the District may reject the Prequalification Application submitted by such Contractor as being non-responsive.

8. Waiver of Irregularities.

The District reserves the right to waive minor irregularities in the information contained in the Prequalification Application submitted, and to make all final determinations.

9. Late Applications.

The District may reject incomplete and/or late Applications. There is no appeal for failure to submit a complete Application or a late Application. The closing time for receiving Prequalification Applications will not be changed to accommodate supplementation of an incomplete submission of an Application, or a late submission of an Application. The closing time for receiving Prequalification Applications may be changed via addendum at District's discretion.

10. Confidentiality.

The completed Prequalification Applications submitted by Contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. However, the contents may be disclosed to third parties for purpose of verification, investigation of substantial allegations, or in the appeal process. State law requires, however, that the names of Contractors applying for prequalification status shall be subject to disclosure.

11. Notification of Prequalification Results.

Notification of preliminary Prequalification results may be provided as soon as the Prequalification team has evaluated all submissions. This preliminary notification will allow for Contractor appeal, if any. Contractors will be notified by email message of their final Prequalification Status within 35 calendar days after the Prequalification Application deadline, or after all appeals, if any, have been resolved.

12. Post-Bid Determination of Responsibility.

While it is the intent of this Prequalification Application to assist the District in determining Bidder responsibility prior to Bid of Projects in excess of the minimum value on the Application, and to aid the District in selecting the lowest responsive and responsible Bidder, neither the fact of Prequalification, nor any Prequalification Score, will preclude the District from a post-Bid consideration and determination of whether a Bidder has the quality, fitness, capacity and experience

to satisfactorily perform the proposed Project work, and has demonstrated the requisite trustworthiness.

13. Appeal of Prequalification Rating.

Where a timely and completed Prequalification Application results in a negative Section Five Prequalification finding, or a Section Six score below that necessary to Prequalify, a written Notice of Appeal may be made by the Contractor. An appeal is begun by the Contractor by delivering such written notice to the Vice President of Administrative Services, for the District stating its intention to appeal of the decision with respect to its Prequalification finding or Prequalification Score, no later than three (3) working days after the District provides notice to Contractor of their preliminary Prequalification finding and score for the Application. The written Notice of Appeal shall set forth in detail all grounds for the appeal, including without limitation all facts, supporting documentation, legal authorities and argument in support of the grounds for the appeal. Any matters not set forth in the written Notice of Appeal shall be deemed invalid. All factual contentions must be supported by competent, admissible and credible evidence.

Unless the Contractor submits a timely Notice of Appeal, the Contractor waives any and all rights to challenge the decision of the District, whether by administrative process, judicial process or any other legal process or proceeding.

The Contractor may request a hearing. If the Contractor gives the required Notice of Appeal and requests a hearing, the hearing shall be conducted so that it is concluded no later than ten (10) working days after the District's receipt of the Notice of Appeal. The hearing shall be an informal process conducted by the District Vice President of Administrative Services or Director of Facilities and Planning, or other such person chosen by the District President. Either at or prior to the hearing, the Contractor will be advised of the basis for the District's Prequalification finding and scoring rationale. The Contractor will be given the opportunity to present information and present reasons in opposition to the Prequalification finding and score assigned by the District. Within three (3) working days after the conclusion of the hearing, the District will render a final decision. The District does not intend to delay or postpone the date for the submission and opening of any Bids to allow for completion of an appeal process. Any appeal not conforming to the foregoing shall be rejected by the District as invalid, and any such decision shall be final.

14. Cancellation of Prequalification.

The District reserves the right to cancel this Prequalification in its entirety at any time, and to resolicit new Prequalification Applications with revised evaluation and scoring criteria. The District also reserves its right to cancel this Prequalification process and Bid the Project with competition open to all responsive and responsible Bidders if the District determines this is in its best interests. The District shall not be liable to the applicants for the applicants' cost of responding to the Prequalification nor for any other damages occasioned by such cancellation. If this Prequalification is canceled after the Prequalification Application due date, the Applications will be returned to the applicants and no scoring results will be published.
