VII.Does the district have significant fiscal problems that must be addressed?

This year? Next vear? YES YES

If yes, what are the problems and what actions will be taken? (Enter explanation below, include additional pages if needed.)

2012-13 Year-To-Date:

Redwoods is reporting a projected 2012-2013 ending fund balance of 4.2%. We consider this to be a conservative estimate. Typically at year-end, Redwoods will recognize that a portion of its expenditure budget was not spent and that certain unbudgeted revenue items were received. Because the magnitude of these items can be unpredictable, these items will not be recognized until year-end. This unpredictability is especially true this year, since Redwoods recently made budget reductions in many areas of the College, Additionally, all employee groups have agreed to payroll concessions through furloughs, and Redwoods implemented a Round One Reorganization and Reduction In Force (RIF) to realize budget savings during 2012-13. Services and supplies budgets were reduced, and Redwoods is implementing strategies to increase non-apportionment revenue as well as increased student enrollments. We are hopeful that these strategies combined with the year-end closing entries will allow Redwoods to end 2012-13 with a fund balance at 5% or better. Additionally at its November 7, 2012 meeting, the Board of Trustees provided the President/Superintendent with the authority to transfer available funds from the District's employee benefit fund, if needed, to restore the unrestricted general fund balance to 5.0% by the close of books for 2012-13.

Subsequent to the closing date of this report, in July 2013, the classified and faculty unions ratified contracts with pay concessions. Combined with the concessions from unrepresented employees, the pay concessions will bring in \$1.5 million in budget savings. A round two reorganization/RIF is being implemented that will realize \$370,000 in budget savings. Combined with other budget strategies, the District is on track to realize its planned \$2 million in budget savings for 2013-14 and improve the ending fund balance to above 5%.
